### GENERAL INFORMATION

Graduated since 1979 in Architecture is registered for professional activity in the Albo degli Architetti of Florence, Italy;

He is full member of AIAPP - Associazione Italiana di Architettura del Paesaggio federated to IFLA - International Federation of Landscape Architects;

He has been student and for many years assistant to Prof. Pietro Porcinai (universally listed among the greatest landscape architects of the world) and operate exclusively in the garden and landscape architecture, for public and private clients (*landscaping and environmental, private & public garden and parks, historic gardens, urban green areas, green areas of residential, tourist, hotels, industries, sport complexes, etc*) in the following fields:

- design and supervision in the construction of private gardens, conservatories, roof gardens and terraces of first-class esthetical value, for major private Clients all over the world (see enclosed list of major projects in the last years)
- protection of nature and landscape management on larger areas, for Public Institutions like Soprintendenze or National Ministries: f.i. the archeological parks in Cuma (Napoli), the main historical site in Paestum (Salerno); greek amphitheater in Sarno (Salerno), the archeological parks in Gondar (Ethiopia): Fasil Imperial Compound, Fasil Bath e Kuskuam etc.
- urban and suburban green areas: Centro Direzionale di Napoli "asse verde" for Mededil-IRI Italstat ; Lauria road in Napoli.; etc.
- recreational public and private parks, water parks etc.: f.i. Memorial Park in Gattinara (Vercelli); Water Recreational Park Aquazzurra in Bologna; the urban park "la Pineta" in Radicondoli (Siena); the Urban Park of Atarés for the city of Havana in Cuba. etc.
- environmental integration of roads and parking areas: f. i. the State road San Massimo-Campitello Matese (for R.E.P. Company, IRI-ITALSTAT Group) (CB); Burcina Park visitors parking in Pollone (Biella), etc.
- green areas of museums, educational and industrial and trade buildings: f.i. the State Museum of Paestum and Pontecagnano, the uffici Merloni Elettrodomestici Indesit/Ariston in Fabriano (Ancona) ; the Ellesse manufactory building in Corciano (Perugia), the uffici Giorgio Armani Co. In Milan, Fisac offices in Como, building Clivet Clima in Feltre (Belluno), Nardini Distilleries in Bassano del Grappa (Vicenza) etc. .
- green areas of hotels, restaurants, campings, tourist villages, hospitals, farms: f.i. Hotel Villa Este in Cernobbio (Como);; Romantik Sporting Hotel Villa Maria, Francavilla al Mare (Chieti); luxury Hotel Relais & Chateaux La Collegiata in ancient renaissance villa in San Gimignano (Siena); Hotel Villa la Massa in Florence; Saint Raphael Resort in Limassol, Cyprus; Aegli Cafe-Restaurant in Athens ; private Hospital Villa Serena in Pescara; etc. .
- research, studies and projects for environmental, landscape restoration, sound barriers, windbreaks, green belts and dunes for pollution and microclimate control etc.

The landscape designing pursues the goal of integrating environment with the highest level of aesthetics, in all aspects of the area from small to large scale, including, without limitation:

- earthworks aesthetic and functional
- drainage and strengthening embankments
- paving driveways, walkways
- irrigation system, fire protection, lighting
- fence, gate, gates
- lakes, swimming pools, fountains, whirlpools, and "wasser spiele"
- equipment and accessories for pools: filtration, lighting, heating, roofing
- playground
- street furniture, outdoor furniture, pergolas, barbecue, gazebos
- sports fields, sports facilities and equipment
- choice of suitable plants from the standpoint of aesthetic, functional, ecological and pedological
- etc.

These professional services include feasibility studies, conceptual design, preliminary studies or master plan, working drawings, specifications, tenders and contracts, construction supervision on site.

His projects can be seen in Tuscany, Piemonte, Marche, Veneto, Lombardia, Emilia Romagna, Liguria, Umbria, Abruzzo, Campania, Puglia, Sardinia, Sicily and all over Italy, and also in France, Monaco, Switzerland, Greece, Cyprus, Lebanon, Ethiopia, Cuba, etc.

His works are illustrated and quoted in many newspapers and magazines. "Class" magazine reports his name among the top Italian landscape architects at the international level.
